Specific Comments Made:

- Session length could be longer.
- Due to conflicts, I didn't get to experience this conference fully. But, I was happy to see the use of Trident's pollock noodles and some apparent inclusion of or similarity to AFDF's Alaska Symphony of Seafoods. I recommend greater collaboration with entities such as AFDF and ASMI. Also, I'm a newbie, but there's something to the quality of SE Conference. I don't know how they do it, but I hope to contribute to your efforts in the future!
- A federal representative about fish taxes.

Specific Comments Made:

- Perhaps consider having the membership meeting first on the second day of an agenda, instead of midmorning
- Ran out of meat for breakfast on 28th
- Coffee was too strong (bitter). Exhibitors need improvement
- Speakers that hear our peoples concerns. Diversify exhibitors & have regionally based vendors
- More exhibitors
