Path to Prosperity is an annual business development competition for businesses with a positive social, economic, and environmental impact on their communities. The competition is open to individuals, for-profit businesses, and tribal entities that have or intend to have a significant operating presence in the Bristol Bay region of Alaska.

Business ideas, start-ups, and existing businesses are all encouraged to apply! The business idea may be an original business concept or an extension of a current business activity, product, service, or social venture. Businesses are judged on their feasibility and their contributions to community development.
